EDUCATION

Bachelor of Engineering
Electrical and Electronics
Engineering

**Abubakar Tafawa Balewa
University**

Jan 2020 - current

Yelwa, Bauchi State

SKILLS

- Code Debugging
- Python
- HTML/CSS
- JavaScript
- SQL
- Git
- React / Nextjs
- Go-lang
- Full stack Development

CAREER OBJECTIVE

I began my coding journey in secondary school, writing logic on paper before I even owned a laptop. That foundational resourcefulness has evolved into a career built on disciplined self-learning and technical problem-solving. Today, I build high-performance web applications and software solutions with the same passion that started it all. I'm a dedicated developer focused on staying at the forefront of emerging tech to deliver impactful, user-centric products.

WORK EXPERIENCE

Full stack developer

Self-employed

June 2021 - current

Yelwa, Bauchi State

- Created websites for neighboring businesses

Freelancer

Fiverr / Upwork
